

## Complete Humidification & Dehumidification Control

Programmable

Touchscreen Wireless

Non-programmable

### CONTROL SYMPTOMS OF HIGH HUMIDITY:

- Condensation buildup on windows
- Moisture stains on ceilings and walls
- Damp feeling indoors
- Musty smells

### CONTROL SYMPTOMS OF LOW HUMIDITY:

- Dry skin / irritated eyes
- Scratchy nose and throat
- High static electricity
- Damage to wood floors and furniture

Now you can have all-in-one control with TopTech's easy- to-use line of total humidity control thermostats. Integrating humidity control within your thermostat helps you maintain year round comfort. Creating a comfortable living environment at lower temperatures. Turn down your thermostat and turn up the savings.
